How To Avoid Hangovers

AND

The Alternative Antarctic Expedition

Alison

The last time we had Alison in the studio, she had to put up with bare mattresses and the humid heat of a New Orleans' shack (well a stuffy London studio with the heater stuck on full blast).

This time we made amends. Commandeered a Zeppelin to use as a nice cool, airy grey backdrop. Gave Alison a billowy skirt. Bunged her a white violin. Draped her over the dirigible. Not a drop of sweat in sight . . . classy stuff, what?

KNAVE MAGAZINE

KERRY

Another day's graft done. Watering holes visited, the odd Essex leopard shot . . . time to go home and uncork a bottle for tea. But back in the sumptuous luxury of the bedsit, peculiar things were afoot.

"Hi, I'm Kerry," said the scantily clad lady on my table.

"We were just cleaning your candle sticks, and one thing led to another," mumbled a photographer, insincerely.

PHOTOGRAPHED BY JUST MARR

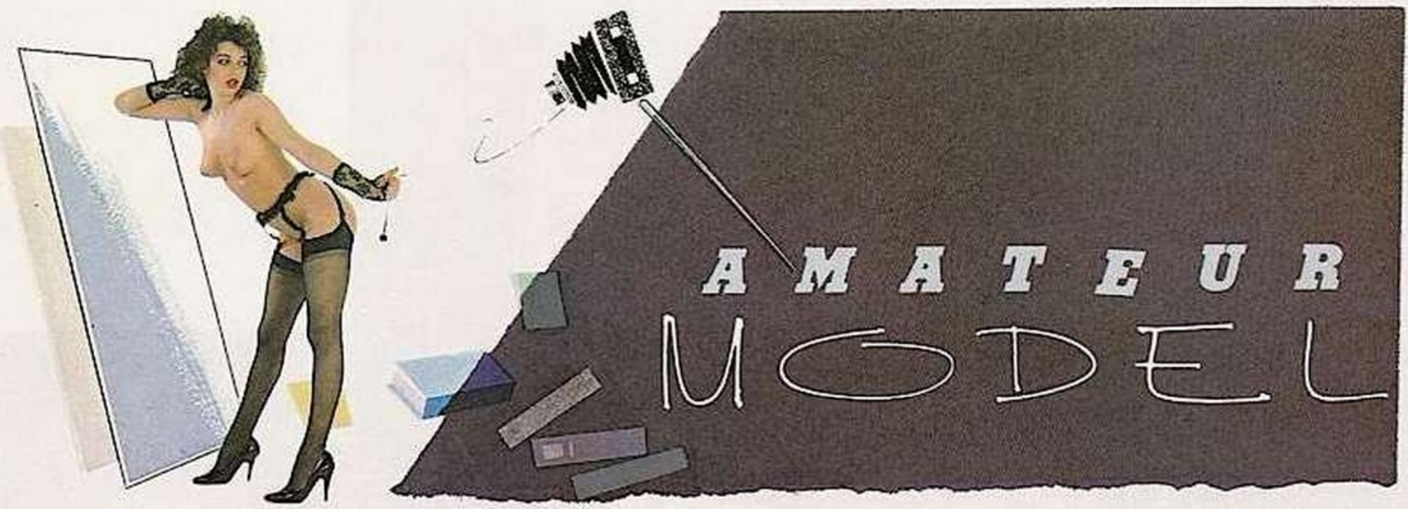
"Hi, Kerry," I said, falling under her exotic spell. "Do they have big cats where you come from?"

"The biggest," she purred. "I'm from Purley, you know."

"Purley! Famous for it," I said, disregarding the implications of breaching copyright laws. "You wanna see this leopard, I bagged?"

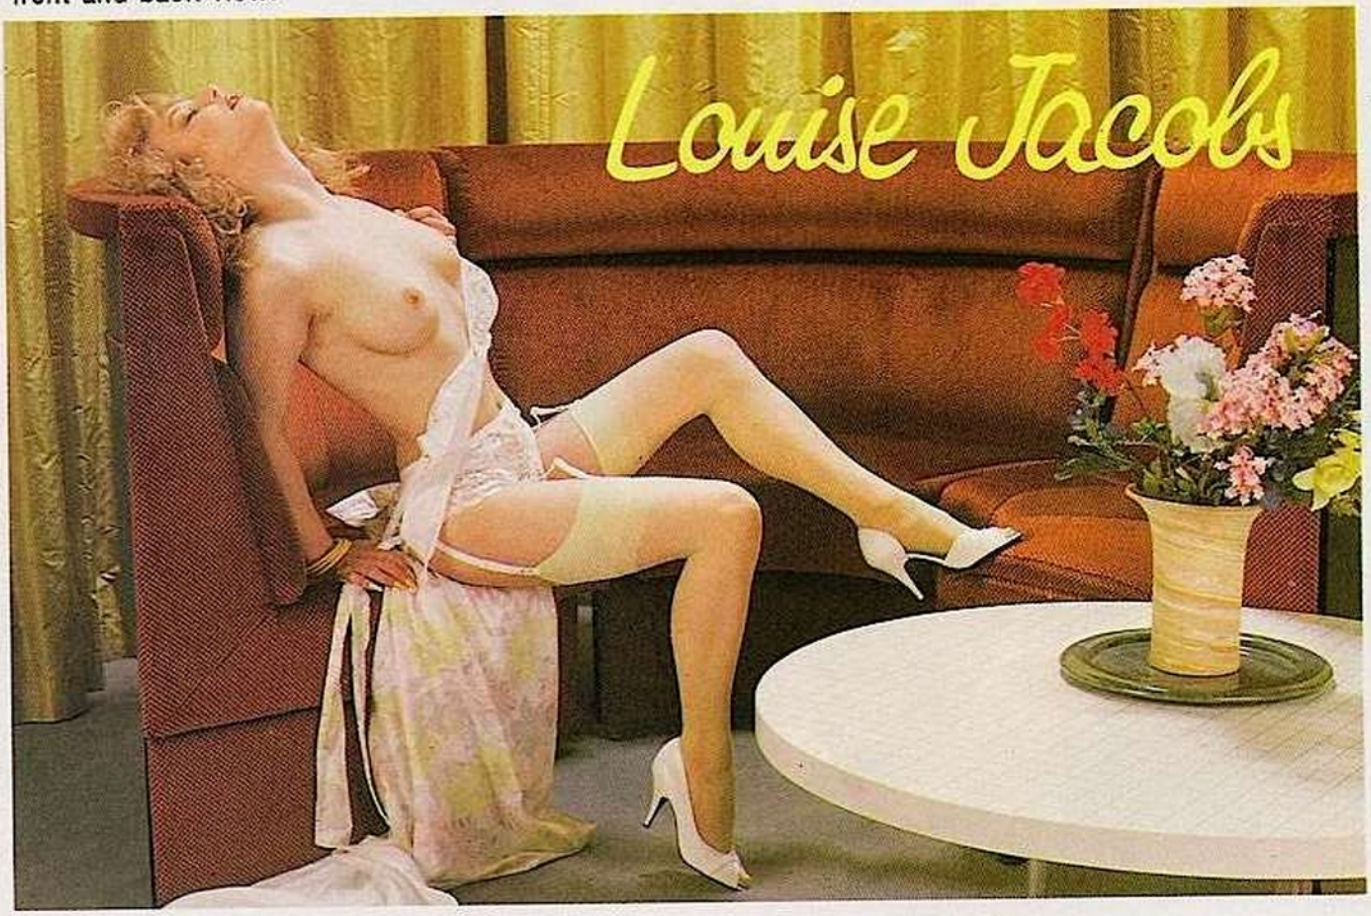
"Sure," she said, moving over to the bed. "Cuddly, isn't it?"

The photographer made his excuses and stayed . . . bastard!



AMATEUR MODEL

This girl did it — so could you. If you think you could make it as one of our Amateur Models, fill in the form below and send it in with a few rude nude pictures of yourself. Polaroids will do, at least two completely nude — front and back view.



Louise Jacobs

If we like the photos you send us, we'll invite you to our studio for a day's modelling — and pay you £200! And we'll pay £25 to whoever took your photos. We provide a professional make-up artist and photographer — and an enjoyable day out! Come on, girls, let's see your photos!

It wasn't a quick or straightforward trek for Louise. It's a long way from the Isle of Skye to our particular bleak and desolate bit of Essex. But she made it, and as you can see the journey was well worth making.

What, you may ask, does a young girl like Louise do for a living out there in those storm tossed Scottish Isles? The truth is that she's a receptionist with a company that operates a fleet of trawlers. But she has her sights set on higher things . . . hence her appearance in these hallowed pages.

REE!

Madlin

A wonderful girl is Madlin.

It's not just because she comes from Perranporth which is, as everybody knows, rather a nice part of the country. It's not even on account of her superstructure, or her smile. It's not even because of her stockings, or the ribbons in her hair.

It's the telephone. Or rather her attitude towards telecommunications in general. She's the first model who hasn't laughed in my face when I've offered her my home number. Mind you, she didn't give me hers . . .

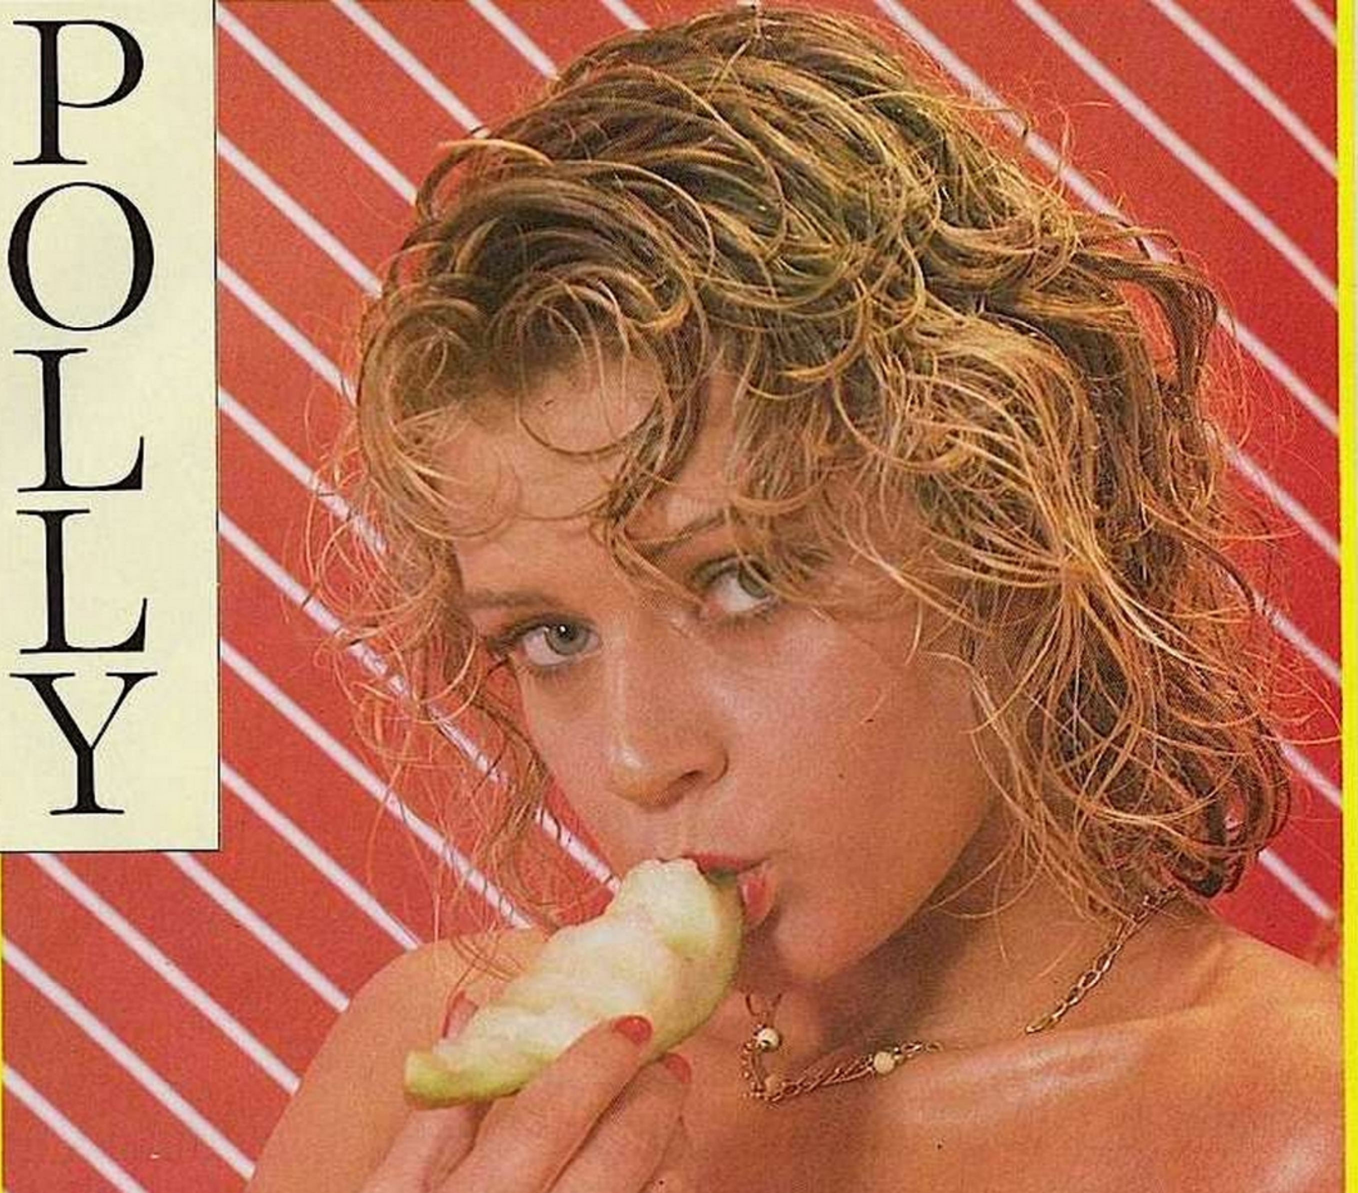
POLLY

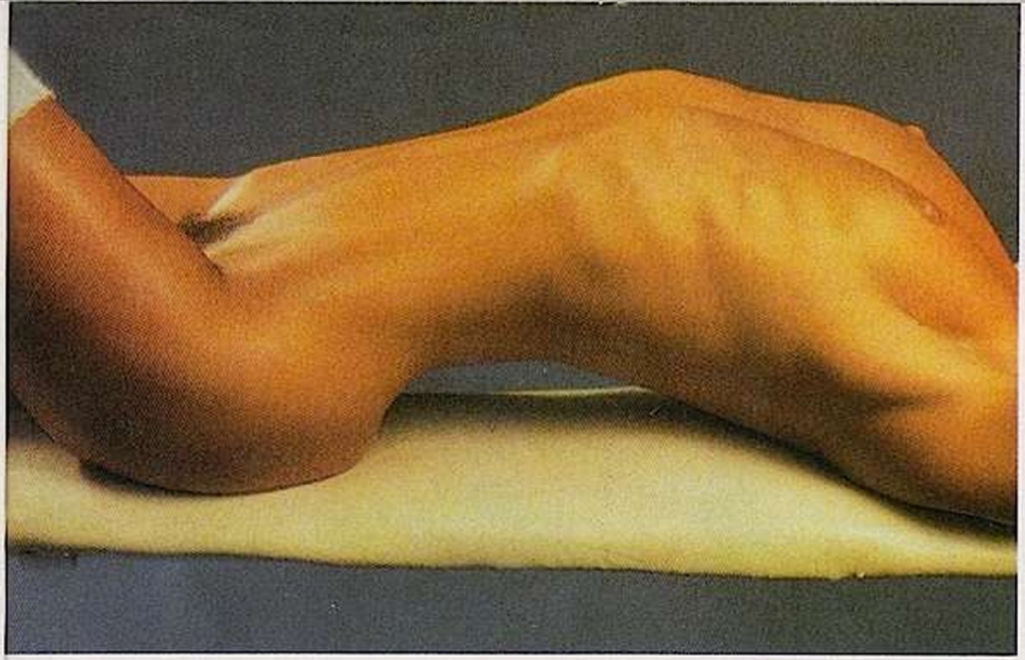
PHOTOGRAPHED BY ALAN WALTON



The full lips, the tantalizing swell of her breasts . . . is that a piece of forbidden fruit poised to disappear between her lips?

Why are my hands trembling? Why is my memory working overtime? Why is the Editor rummaging through back issues of the magazine?

Of course, I recognise her. It's jolly Polly Rogers (at least that's what a former Editor christened her — something to do with champagne, apparently), the winner of a Knave Amateur Model contest way back in 1984.



Tacy

Tacy's hobbies do not include body
building. Which is odd
'cos those dorsals, pectorals and other
bodily bits and pieces
look in remarkably good shape to me.
She sort of inspires me to
dig out the old shorts and get myself
down to the gym.
Then again if the local ladies are
anything like Tacy
there's gonna be a massive waiting list.
Back to the pub, I suppose.
